Existing Precautions	Additional Precautions	Who	When	
<ul style="list-style-type: none"> Isolate individual in separate room Close classroom/room where the member of staff/student has had restricted access to that area. If person displaying the symptoms had access to a number of rooms other than for transitional purposes then all areas accessed should be isolated for cleaning. Cleaning to be completed using appropriate PPE and cleaning agents before reoccupation of the classroom (see Govt Guidance https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings). Contact the DfE Helpline on 0800 046 8687 and select option 1 for advice on the action to take in response to a positive case. You will be put through to a team of advisers who will inform you what action is needed based on the latest public health advice. If, following triage, further expert advice is required the adviser will escalate your call to the local health protection team. The health protection team will also contact providers directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the education setting - as identified by NHS Test and Trace. In the case where the pupil may have spent their college day in a number of classrooms, all rooms should be closed and cleaned as per guidance. Inform staff (using appropriate caution) Contact parents or a member of the same household and 	<ul style="list-style-type: none"> Bridge must not publicly name individuals. Contact any external groups who have access to the building to notify them of any college closure. Any members of staff who have helped someone with symptoms and any learners who have been in close contact with them do not need to go home to self-isolate unless: <p>They develop symptoms themselves (in which case, they should arrange a test), if they subsequently test positive through a LFD test If the symptomatic person subsequently tests positive Or they are requested by NHS Test & Trace. Members of the same household should then self-isolate for 10 days from the first symptoms</p> Face coverings to be worn by passenger and driver. 2m distancing to be 	SMT	Ongoing	

<p>request immediate pick up</p> <ul style="list-style-type: none"> • Only in exceptional circumstances, and when agreed with SMT, should a student be transported by a member of staff. If this is necessary, a risk assessment and control measures must be implemented • If a student or staff member develops symptoms compatible with coronavirus (COVID-19), they should be sent home and advised to self-isolate for at least 10 days and arrange to have a test to see if they have COVID-19. They can do this by visiting NHS.UK to arrange or contact NHS 119 via telephone if they do not have internet access. Test & Trace process must be followed • Any waste generated during contact with a suspected case of Covid 19, including PPE, tissues & cloths, should be placed in a plastic bin bag, tied, placed in a second bin bag then stored in a secure place marked for storage for 72 hours • Complete an HSE RIDDOR on line (Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013) as a person at work (a worker) has been diagnosed as having COVID-19 attributed to an occupational exposure to coronavirus. This must be reported as a case of disease. • Refer to latest Government guidance on what to do if someone develops symptoms of Covid-19 in a college or other educational setting. 	<p>adhered to. If possible ventilate area by opening windows</p> <ul style="list-style-type: none"> • If tested positive, Student/staff member cannot return to Bridge unless a negative test has been confirmed or they have followed the correct self-isolation procedure and show no further symptoms. Govt guidance states that we should not request to see evidence of negative test but request the result immediately • If student/staff is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10 day isolation period - this is because they could still develop coronavirus (COVID-19) within the remaining days 	<p>SMT</p>
