What to do if you have a welfare concern at BTL

Why are you concerned?

For example

- Something a child has said – e.g. allegation of harm
- Child's appearance – may include unexplained marks as well as dress
- Behaviour changes
- Witnessed concerning behaviour

Act immediately and record your concerns. *If urgent, speak to a DSL first.*

Follow the school procedure:

- Reassure the child that they are safe to talk to you.
- Clarify concerns, using open questions if necessary (**TED: Tell, Explain, Describe**)
- Record facts, not opinions - use child's own words **exactly** how they tell you.
- If writing notes (somewhere other than CPOMS), sign and date your records and record on CPOMS **as soon as possible**.
- Seek support for yourself from DSLs (Mitch, Samm, Emma) – tell the child you are proud of them for seeking help, inform the child that you will need to talk to someone else in order for you to help them further, ask the child to choose which person they would like you (and them) to talk to next. **REMEMBER:** a child/young person is choosing you for a reason and the fact they are talking now, means they want things to change.

Inform the Designated Safeguarding Lead

- Refer to other agencies as appropriate e.g., Family Information Service, GCC early help, Police, or integrated children's services.
- If unsure, then consult with Local Authority Social Worker at the Helpdesk Children and Families Front Door Service on 01452 426565 (Monday to Friday 9am to 5pm). requests for service should be submitted on a Multi-Agency Request Form (MARF) via on-line portal. <https://children.gloucestershire.gov.uk/web/portal/pages/home>

1. Child Focused Approach to Safeguarding

Safeguarding Mission Statement - We believe that all individuals should be afforded a life free from harm. Child Protection, safety, and Wellbeing are at the centre of everything we do. Bridge Training Ltd provides comprehensive safeguarding to protect the individual children and staff within our organisation. All staff at Bridge Training Ltd are committed to ensuring that our safeguarding practices reflect statutory responsibilities and government guidance. We take our responsibilities towards keeping children and young people who access learning at Bridge Training Ltd safe via communication, transparent practice, and a learner-centred approach, underpinned by training, professional development, and commitment to our own learning.

1.1 Introduction

3. Child Protection Procedures

3.1 Recognising Indicators of Abuse and Neglect

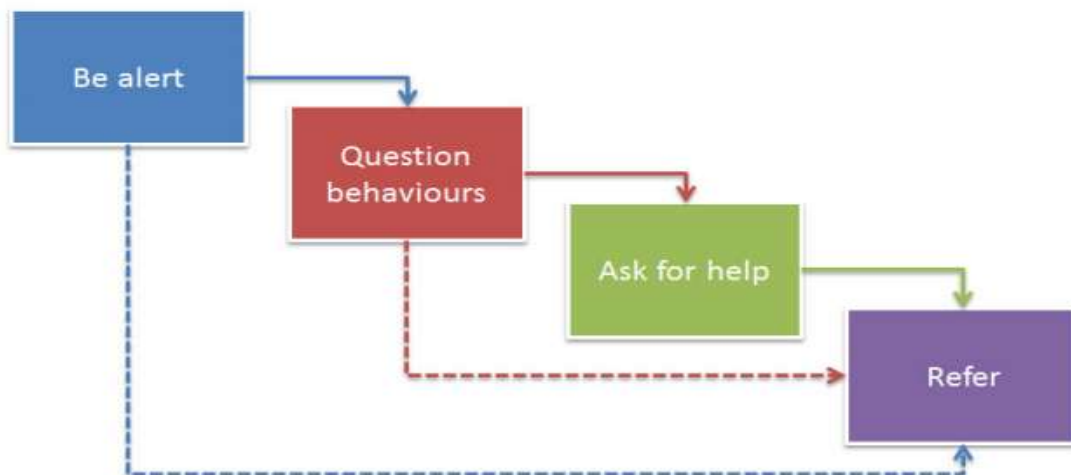

- All staff are made aware of the definitions and indicators of abuse and neglect as identified by Working Together to Safeguard Children and Keeping Children Safe in Education. This is outlined locally within the <https://www.gloucestershire.gov.uk/gscp/safeguarding-child-protection-arrangements/> document.
- Bridge Training Ltd recognise that when assessing whether a child may be suffering actual or potential harm there are 4 main categories of abuse to observe:
 - ♦ **Physical abuse**
 - ♦ **Sexual abuse**
 - ♦ **Emotional abuse**
 - ♦ **Neglect**

*For further information see Appendix 1.

- Bridge Training Ltd recognises that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be usual for an older child. It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused, however, all concerns should be taken seriously and will be explored by the DSLs on a case-by-case basis.
- Bridge Training Ltd recognises abuse, neglect, and safeguarding issues are rarely standalone events and cannot always be covered by one definition or one label alone. In many cases, multiple issues will overlap with one another. Therefore, staff will always be vigilant and always raise concerns with one of the Safeguarding Team.
- Parental behaviors can indicate child abuse or neglect, so staff will be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Children may report abuse happening to themselves, their peers, or their family members. All reports of abuse made by children to staff will be taken seriously and will be responded to in line with this policy.

Policy 4.3 Safeguarding and Child Protection Policy

- Safeguarding incidents and/or behaviours can be associated with factors and risks outside of Bridge Training. Children can be at risk of abuse or exploitation in situations outside their families; extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, Female Genital Mutilation (FGM), serious youth violence (gangs), and county lines.
- Technology can be a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online, as well as face to face, and in many cases, abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online.
- By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family.
- All members of staff are expected to be aware of and follow this approach if they are concerned about a child:

[‘What to do if you are worried a child is being abused?’](#) 2015

- In all cases, if staff are unsure, they will always speak to the DSL (or deputy).
- Bridge Training Ltd recognises that many of our children may have additional or complex needs and may require access to intensive or specialist services to support them.
- If deemed necessary by the proprietor or staff authorised by the proprietor following a concern about a child’s safety or welfare, the searching and screening of children and confiscation of any items, including electronic devices, will be managed in line with the ‘Searching, Screening and Confiscation’ policy and ‘Behaviour’ policy. The former is informed by the DfE [‘Searching, screening and confiscation at school’](#) guidance.

3.2 Responding to Child Protection Concerns

If staff are made aware of a child protection concern, they are expected to:

- ♦ Listen carefully to the concern and be non-judgmental.
- ♦ Only use open questions to clarify information where necessary, e.g. who, what, where, when or Tell, Explain, Describe (TED).

Policy 4.3 Safeguarding and Child Protection Policy

- ♦ Not promise confidentiality as concerns will have to be shared further, for example, with the DSL (then potentially Gloucestershire's Children's and Families Services).
 - ♦ Be clear about boundaries and how the report will be progressed.
 - ♦ Record the concern in line with Bridge Training's record keeping requirements ie: using CPOMS safeguarding software.
 - ♦ Inform the DSL (or one of the deputy safeguarding leads), as soon as practically possible.
 - ♦ Plan to speak with parents if appropriate.
- The DSL or a deputy should always be available to discuss safeguarding concerns. If in exceptional circumstances, a DSL is not available, this should not delay appropriate action being taken. Staff should speak to a member of the senior leadership team and/or take advice from [Gloucestershire Safeguarding Children Partnership \(GSCP\)](#) or via consultation with a social worker from the Helpdesk. In these circumstances, any action taken will be shared with a DSL as soon as is practically possible.
 - Bridge Training will respond to concerns in line with the Gloucestershire Safeguarding Children Partnership (GSCP).
 - ♦ The full GSCP procedures and additional guidance relating to reporting concerns and specific safeguarding issues can be found on their website: <https://www.gloucestershire.gov.uk/gscp/> (link above)
 - ♦ Specific information and guidance to follow with regards to accessing Early Help and Family Information Service (FIS) and/or Children's Social Work Services can be found here: <https://www.gloucestershire.gov.uk/health-and-social-care/children-young-people-and-families/early-help-and-targeted-support/early-help-advice-guidance-and-support/>
 - Where a child is suffering, or is likely to suffer from harm, or is in immediate danger, a 'request for support' will be made immediately to Children's Services and/or the police, in line with GSCP procedures.
 - ♦ Bridge Training Ltd recognises that in situations where there are immediate child protection concerns for a child as identified in line with the Support Level Guidance, it is NOT to investigate as a single agency, but to act in line with GSCP guidance which may involve multi-agency decision making.
 - ♦ The DSL may seek advice or guidance from their Local Authority Designated Officer (LADO) or from the Safeguarding in Education Service before deciding next steps.
 - ♦ They may also seek advice or guidance from a social worker through consultation with GSCP Helpdesk who are the first point of contact for Children's Services.
 - In the event of a request for Helpdesk support being necessary, parents/carers will be informed by the DSL in line with guidance provided by GSCP, unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation.
 - All staff are aware of the process for making request for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
 - Where it is identified a child may benefit from Early Help support, the DSL (or deputy) will generally lead as appropriate and make a request for support via the Helpdesk.
 - ♦ The DSL will keep all early help cases under constant review and consideration will be given to escalating concerns if the situation does not appear to be improving or is getting worse.
 - If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving or there is a concern regarding decisions made, the DSL will consider following GSCP procedures to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

Policy 4.3 Safeguarding and Child Protection Policy

- Bridge Training Ltd is an [Operation Encompass School](#). This means we work in partnership with Gloucestershire Police to provide support to children experiencing domestic abuse.

3.3 Recording Concerns

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing on the Bridge Training Ltd safeguarding system CPOMS and passed without delay to the DSL(s).
- All staff should have access to a computer where they can log into CPOMS and record their concerns in a timely manner. Check the DSL and DDSLs are named and included in the report and assign the incident to one of these people.
- Records will be completed as soon as possible after the disclosure/incident/event, using the child's exact words; this will be the responsibility of all members of staff who took the disclosure/witnessed the incident/event. All written Child Protection and Safeguarding records will record facts and not personal opinions. A body map will be completed if injuries have been observed.
- If there is an immediate safeguarding concern the member of staff will consult with a DSL before completing the form as reporting urgent concerns takes priority.
- If members of staff are in any doubt about recording requirements, they will discuss their concerns with the DSL.
- Child protection records will include a clear and comprehensive summary of the concern, details of how the concern was followed up and resolved, and details regarding any action taken, decisions reached, and then the following outcome(s).
- Child protection records will be kept confidential and stored securely. Child protection records will be kept for individual children and will be maintained separately from all other records relating to the child. Child protection records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL.
- All child protection records will be transferred in accordance with data protection legislation to the child's subsequent school/college, under confidential and separate cover as soon as possible, using CPOMS transfer wherever possible. Child Protection files will be transferred securely to the DSL in the new education provision, separately to the child's main file, and a confirmation of receipt will be obtained. Admin Lead, Nicki Price will add subsequent school/college/education setting to the Bridge Training Ltd Single Central Record (SCR).
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving, for example, information that would allow the new education setting to continue to provide support.
- Where the school/college/education setting receives child protection files, the DSL will ensure key staff such as the special educational needs co-ordinators (SENCOs), will be made aware of relevant information as required.

3.4 Multi-Agency Working

- Bridge Training Ltd recognises and is committed to its responsibility to work within the GSCP multi-agency safeguarding arrangements. The leadership team and DSL will work to establish strong and co-operative local relationships with professionals in other agencies in line with statutory guidance.

Policy 4.3 Safeguarding and Child Protection Policy

- Bridge Training Ltd recognises the importance of multi-agency working and is committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to GSCP processes as required, such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

3.5 Confidentiality and Information Sharing

- Bridge Training Ltd recognises our duty and powers to hold, use and share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per national statutory guidance and that outlined within KCSIE 2023/24.
- As Managing Director of Bridge Training Ltd, Mark Harrod is the Data Protection Officer (DPO), who acts as required by the General Data Protection Regulations (GDPR) to ensure that the company is compliant with all matters relating to confidentiality and information sharing requirements.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children (KCSIE 2024). DfE "[Information sharing advice for safeguarding practitioners](#)" (2018) provides further detail. This information will be kept in the office the Archdeacon site and is shared area on the One Drive.
- The DSL will disclose relevant safeguarding information about a learner with staff on a 'need to know' basis.
- All members of staff must be aware that whilst they have duties to keep information confidential, in line with our confidentiality policy, they also have a professional responsibility to be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children; this may include sharing information with the DSL and with other agencies as appropriate. All staff are aware they cannot promise confidentiality in situations which might compromise a child's safety or wellbeing.

3.6 Complaints

- All members of the Bridge Training community should feel able to raise or report any concerns about children's safety or potential failures in Bridge Training's safeguarding regime. Bridge Training Ltd has a complaints procedure available to parents, learners and members of staff and visitors who wish to report concerns or complaints. These are to be found on Bridge Training's website and on the One Drive/T-Drive.
- Whilst we encourage members of our community to report concerns and complaints directly to us, we recognise this may not always be possible. Children, young people, and adults who have experienced abuse at school can contact the NSPCC 'Report Abuse in Education' helpline on 0800 136 663 or via email: help@nspcc.org.uk
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - ♦ Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.

Policy 4.3 Safeguarding and Child Protection Policy

- The leadership team at Bridge Training Ltd will take seriously all concerns reported, and all complaints will be considered and responded to in line with the relevant and appropriate process.
 - ♦ Anything that constitutes an allegation against a member of staff or volunteer will be dealt with in line with section 8 of this policy.

4. Specific Safeguarding Issues

- Bridge Training Ltd is aware of a range of specific safeguarding issues and situations that can put children at greater risk of harm. In addition to Part One, DSLs, Bridge Training Ltd leaders and staff who work directly with children will read annex B of KCSIE 2024 which contains important additional information about specific forms of abuse and safeguarding issues.
- Where staff are unsure how to respond to specific safeguarding issues, they should follow the processes as identified in part 3 of this policy and speak with the DSL or a deputy.

- All members of staff at Bridge Training Ltd recognise that children can abuse other children, and that it can happen both inside and outside of the setting, as well as online.

 - ♦ sexual violence and sexual harassment.
 - ♦ consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as ‘sexting’ or ‘youth produced sexual imagery’).
 - ♦ causing another child or peer to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
 - ♦ ‘Upskirting’ (which is a criminal offence), which typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - ♦ initiation/hazing type violence and rituals.
- Bridge Training Ltd believes that abuse is abuse and it will never be tolerated or dismissed as “banter”, “just having a laugh”, “part of growing up”, or “boys being boys”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.
- Bridge Training Ltd recognises that even if there are no reported cases of child-on-child abuse, such abuse is still likely to be taking place.
- **All staff have a role to play in challenging inappropriate behaviours between children.** Staff recognise that that some child-on-child abuse issues may be affected by gender, age, ability and culture of those involved, i.e., for gender-based abuse, girls are more likely to be victims and boys more likely to be perpetrators.
- Concerns about learner’s behaviour, including child-on-child abuse taking place offsite, will be responded to as part of a partnership approach with learners and parents/carers. Offsite behaviour

Policy 4.3 Safeguarding and Child Protection Policy

concerns will be recorded and responded to in line with existing appropriate policies, for example anti-bullying, acceptable use, behaviour, and child protection policies.

- In order to minimise the risk of child-on-child abuse, Bridge Training Ltd will:
 - ♦ Implement a robust anti-bullying policy.
 - ♦ Offer pathways to our Student Welfare Team for requests of help and/or support via a dedicated phone number and email address.
 - ♦ Provide age/ability appropriate PSHE and SRE sessions, bespoke to the needs of our students.
 - ♦ Dedicated reporting via CPOMS monitored by DSLs
- Bridge Training Ltd wants all children to feel able to report abuse with confidence and know their concerns will be treated seriously. All allegations of child-on-child abuse will be reported to the DSL and will be recorded, investigated, and dealt with in line with associated Bridge Training Ltd policies (including child protection, anti-bullying and behaviour policies). Learners who experience abuse will be offered appropriate support, regardless of where the abuse takes place.
- Alleged victims, perpetrators and any other child affected by child-on-child abuse will be supported by:
 - ♦ Staff taking all reports seriously,
 - ♦ Listening carefully to the child/young person and obtaining their consent to keep notes of what they are reporting,
 - ♦ Staff avoiding any form of victim blaming,
 - ♦ Staff seeking help from DSL/DDSs to provide appropriate pastoral support,
 - ♦ Recording disclosures and concerns on CPOMS in a timely manner
 - ♦ Contacting and working with parents/carers,
 - ♦ Discussing and reviewing educational approaches (e.g. considering rearranging groups to minimise contact between peers who may have issues with each other),
 - ♦ Following procedures as identified in the anti-bullying, behaviour and child protection policies,
 - ♦ Where necessary and appropriate, informing the police and/or GSCP

4.2 Child-on-Child Sexual Violence or Harassment

- When responding to concerns relating to child-on-child sexual violence or harassment, Bridge Training Ltd will follow the guidance outlined in Part Five of KCSIE 2023/24 and the DfE [‘Sexual Violence and Sexual Harassment Between Children in Schools and Colleges’](#) guidance.
- Bridge Training Ltd recognises sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face to face (both physically and verbally).
Sexual violence and sexual harassment are never acceptable.
- All victims of sexual violence or sexual harassment will be reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment or be made to feel ashamed for making a report.
- When there has been a report of sexual violence or harassment, the DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator (and any other children involved/impacted).
 - ♦ The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, all other children, and staff and any actions that are required to protect them.

Policy 4.3 Safeguarding and Child Protection Policy

- Since February 2023 it has also been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.
- Reports will initially be managed internally by Bridge Training Ltd and where necessary will be referred to Children's Services and/or the Police.
 - ♦ The decision making and required action taken will vary on a case-by-case basis, but will be informed by the wishes of the victim, the nature of the alleged incident (including whether a crime may have been committed), the ages and developmental stages of the children involved, any power imbalance, if the alleged incident is a one-off or a sustained pattern of abuse, if there are any ongoing risks to the victim, other children, adult students or Bridge Training Ltd staff, and, any other related issues or wider context.
- If at any stage the DSL is unsure how to proceed, advice will be sought from the GSCP.

4.3 Nude and/or Semi-Nude Image Sharing by Children

The term 'sharing nudes and semi-nudes' is used to mean the sending or posting of nude or semi-nude images, videos or live streams of/by young people under the age of 18. Creating and sharing nudes and semi-nudes of under-18s (including those created and shared with consent) is illegal which makes responding to incidents complex.

The UKCIS 'Sharing nudes and semi-nudes: advice for education settings working with children and young people' [guidance](#) outlines how schools and colleges should respond to all incidents of consensual and non-consensual image sharing, and should be read and understood by DSLs working with all age groups, not just older learners.

- Bridge Training Ltd recognises that consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as 'youth produced/involved sexual imagery' or "sexting") can be a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- When made aware of concerns involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos by children, staff are advised to:
 - ♦ Report any concerns to the DSL immediately.
 - ♦ **Never view, copy, print, share, store or save the imagery, or ask a child to share or download it – this may be illegal. If staff have already viewed the imagery by accident, this will be immediately reported to the DSL.**
 - ♦ Not delete the imagery or ask the child to delete it.
 - ♦ Not say or do anything to blame or shame any children involved.
 - ♦ Explain to child(ren) involved that they will report the issue to the DSL and reassure them that they will receive appropriate support and help.
 - ♦ Not ask the child or children involved in the incident to disclose information regarding the imagery and not share information about the incident with other members of staff, the child(ren) involved or their, or other, parents and/or carers. This is the responsibility of the DSL.
- DSLs will respond to concerns as set out in the non-statutory UKCIS guidance: [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#) and the local GSCP guidance. When made aware of a concern involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos:
 - ♦ The DSL will hold an initial review meeting to explore the context and ensure appropriate and proportionate safeguarding action is taken in the best interests of any child involved. This may mean speaking with relevant staff and the children involved as appropriate.

Policy 4.3 Safeguarding and Child Protection Policy

- ♦ Parents and carers will be informed at an early stage and be involved in the process to best support children, unless there is good reason to believe that involving them would put a child at risk of harm.
- ♦ All decisions and action taken will be recorded in line with our child protection procedures.
- ♦ A referral will be made to GSCP and/or the police immediately if:
 - The incident involves an adult (over 18).
 - There is reason to believe that a child has been coerced, blackmailed, or groomed, or there are concerns about their capacity to consent, for example, age of the child or they have special educational needs.
 - the image/videos involve sexual acts and a child under the age of 13, depict sexual acts which are unusual for the child's developmental stage, or are violent.
 - A child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.
- ♦ The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.
- ♦ If DSLs are unsure how to proceed, advice will be sought from the Safeguarding in Education Service.

4.4 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

- Bridge Training Ltd recognises that CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.
- If staff are concerned that a child may be at risk of CSE or CCE, immediate action should be taken by speaking to the DSL or a deputy.

4.5 Serious Violence

- All staff are made aware of the indicators which may signal children are at risk from or are involved with serious violent crime. These may include unexplained gifts or new possessions, increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries.
- Any concerns regarding serious violence will be reported and responded to in line with other child protection concerns.
 - ♦ The initial response to child victims is important and staff will take any allegations seriously and work in ways that support children and keep them safe.

4.6 So-called honour-based abuse

- So-called 'honour'-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing.

Policy 4.3 Safeguarding and Child Protection Policy

- All forms of HBA are abuse (regardless of the motivation) and concerns should be responded to in line with section 3 of this policy. Staff will report any concerns about HBA to the DSL (or a deputy).
- Whilst all staff will speak to the DSL (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers.
 - ♦ If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police. This duty only applies to teachers.

4.7 Preventing radicalisation

- Bridge Training Ltd is aware of our duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), to have “due regard to the need to prevent people from being drawn into terrorism”, also known as the Prevent duty and the [specific obligations](#) placed upon us as an education provider regarding risk assessments, working in partnership, staff training, and IT policies.
- Bridge Training Ltd recognises that children are vulnerable to extremist ideology and radicalisation and staff will be alert to changes in children’s behaviour which could indicate that they may be in need of help or protection.
- Staff will report any concerns to the DSL (or a deputy), who is aware of the [local procedures](#) to follow.

4.8 Cybercrime

- Bridge Training Ltd recognises that children with particular skill and interest in computing and technology may inadvertently or deliberately stray into ‘cyber-enabled’ (crimes that can happen offline but are enabled at scale and at speed online) or ‘cyber dependent’ (crimes that can be committed only by using a computer/internet enabled device) cybercrime.
- If staff are concerned that a child may be at risk of becoming involved in cyber-dependent cybercrime, the DSL will be informed, and consideration will be given to accessing local support and/or referring into the [Cyber Choices](#) programme, which aims to intervene when young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.
- Where there are concerns about ‘cyber-enabled’ crime such as fraud, purchasing of illegal drugs online, child sexual abuse and exploitation, or other areas of concern such as online bullying or general online safety, they will be responded to in line with this and other appropriate policies.

5. Supporting Children Potentially at Greater Risk of Harm

- Whilst all children should be protected, some groups of children are potentially at greater risk of harm.

5.1 Safeguarding Children with Special Educational Needs or Disabilities (SEND)

- Bridge Training Ltd acknowledges that children with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges and barriers for recognising abuse and neglect.
- Bridge Training Ltd recognises that children with SEND may face additional communication barriers and experience difficulties in managing or reporting abuse or challenges. Children with SEND will be appropriately supported to communicate and ensure that their voice is heard and acted upon.

Policy 4.3 Safeguarding and Child Protection Policy

- All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour, mood changes or injuries and not to assume that they are related to the child's disability. Staff will be mindful that children with SEND or certain medical conditions may be disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.
- Members of staff are encouraged to be aware that children with SEND can be disproportionately impacted by safeguarding concerns, such as exploitation, peer group isolation or bullying including prejudice-based bullying.
- To address these additional challenges, Bridge Training Ltd will always consider implementing extra pastoral support and attention for children with SEND. The DSL will work closely with the SEN Lead (Calum Yeates) to plan support as required.

5.2 Children Requiring Mental Health Support

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Staff are aware that children's experiences, for example, where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, can impact on their mental health, behaviour and education.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy with referral made to the Welfare Team for wider support and signposting.
- Signpost via referral to CAMHS/CYPS as appropriate.

Additional information and links can be found in part Two, KCSIE 2023/24.

5.3 Children Who are Absent from Education (previously Children Missing from Education)

- Children missing from education, particularly persistently, can act as a vital warning sign to a range of safeguarding issues including neglect, sexual abuse, and child sexual and criminal exploitation.
- Where the school/college have concerns that a child is missing from education, we will respond in line with our statutory duties and local policies. Local support is available via Schoolsnet: <https://www.gloucestershire.gov.uk/schoolsnet/> - See Children Missing Education (CME) and Attendance pages.

5.4 Elective Home Education

- Where a parent/carer expresses their intention to remove a child from Bridge Training Ltd with a view to educating at home, we will respond in line with [national Elective Home Education guidance](#) and local guidance and will work together with parents/carers and other key professionals and

Policy 4.3 Safeguarding and Child Protection Policy

organisations to ensure decisions are made in the best interest of the child. The child will be referred to the EHE Team: telephone 01452 427622 or email EHE@gloucestershire.gov.uk

5.5 Children who need a Social Worker

- The DSL will hold details of social workers working with children in Bridge Training Ltd so that decisions can be made in the best interests of the child's safety, welfare, and educational outcomes.
- Where children have a social worker, this will inform Bridge Training Ltd decisions about their safety and promoting their welfare, for example, responding to unauthorised absence and provision of pastoral and/or academic support.

5.6 Looked after children and care leavers

'A child who has been in the care of their local authority for more than 24 hours is known as a looked after child. Looked after children are also often referred to as children in care, a term which many children and young people prefer.' From NSPCC [Looked after children | NSPCC Learning](#)

- Bridge Training Ltd recognises the common reason for children becoming looked after is as a result of abuse and/or neglect and a previously looked after child also potentially remains vulnerable.
- The school have three '[designated teachers](#)' (Anne Cambridge, Mitch Harrod, Calum Yeates) who are named on the Pastoral Education Plans (PEPs) and who work with Virtual School and local authorities to promote the educational achievement of registered pupils who are looked after or who have been previously looked after.
- The designated teachers will work with the DSL to ensure appropriate staff have the information they need in relation to a child's looked after legal status, contact arrangements with birth parents or those with parental responsibility, care arrangements and the levels of authority delegated to the carer by the authority looking after them.
- Where a child is looked after, the DSL will hold details of the social worker and the name of the virtual school head in the authority that looks after the child.
- Where Bridge Training Ltd believes a child is being cared for as part of a private fostering arrangement (occurs when a child under 16 or 18 if the child is disabled is cared for and lives with an adult who is not a relative for 28 days or more) there is a duty to recognise these arrangements and inform the Local Authority via Helpdesk.
- Where a child is leaving care, the DSL will hold details of the local authority Personal Advisor appointed to guide and support them and will liaise with them as necessary regarding any issues of concern.

6. Online Safety

- It is essential that children are safeguarded from potentially harmful and inappropriate material or behaviours online. Bridge Training Ltd will adopt a whole setting approach to online safety which will empower, protect, and educate our learners and staff in their use of technology, and establish mechanisms to identify, intervene in, and escalate any concerns where appropriate.
- Bridge Training Ltd will ensure online safety is reflected as required in all relevant policies. Online safety is considered as a running and interrelated theme when devising and implementing our policies

Policy 4.3 Safeguarding and Child Protection Policy

and procedures and when planning our curriculum, staff training, the role and responsibilities of the DSL and parental engagement.

- Bridge Training Ltd identifies that the breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:
 - ♦ **Content:** being exposed to illegal, inappropriate or harmful content. For example, pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
 - ♦ **Contact:** being subjected to harmful online interaction with other users. For example, peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
 - ♦ **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm. For example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying.
 - ♦ **Commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams.
- Bridge Training Ltd recognises that technology, and the risks and harms related to it, evolve and change rapidly. Bridge Training Ltd will carry out an annual review of our approaches to online safety, supported by an annual risk assessment which considers and reflects the risks our children face.
- The MD, SMT, and Advisory Board will be informed of online safety concerns by the DSL, as appropriate.

6.1 Policies and Procedures

- The DSL has overall responsibility for online safety within Bridge Training Ltd but will liaise with other members of staff, for example IT technicians, curriculum leads etc., as necessary.
- The DSL will respond to online safety concerns reported in line with our associated policies, including our anti-bullying, social media and behaviour policies.
 - ♦ Internal sanctions and/or support will be implemented as appropriate.
 - ♦ Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.
- Bridge Training Ltd uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, learning platforms, intranet and email systems.
 - ♦ All Bridge Training Ltd owned devices and systems will be used in accordance with our Acceptable Use policies and with appropriate safety and security measures in place.
- Bridge Training Ltd recognises the specific risks that can be posed by mobile and smart technology, including mobile/smart phones, cameras and wearable technology. In accordance with the KCSIE guidance, Bridge Training Ltd has appropriate mobile and smart technology and image use policies in place, which are shared and understood by all members of the community. These policies can be found on the staff intranet/and on the website etc.

Policy 4.3 Safeguarding and Child Protection Policy

6.2 Appropriate Filtering and Monitoring

- Bridge Training Ltd will do all we reasonably can to limit children's exposure to online risks through Bridge Training Ltd provided IT systems and will ensure that appropriate filtering and monitoring systems are in place.
 - ♦ This is established and achieved via filtering and monitoring systems or approaches in place, these decisions have been made collaboratively between the DSLs, SMT, and the IT Lead. The appropriateness of any filters and monitoring systems are particular to Bridge Training Ltd; the decisions are informed in part by the risk assessment required by the Prevent Duty and depends upon the age range/ability of children, the number of children, how often they access IT systems, and the proportionality of costs vs risks. The [UK Safer Internet Centre](#) has published guidance as to what "appropriate" filtering and monitoring might look like.
 - If learners or staff discover unsuitable sites or material, they are required to: **turn off monitor/screen, report the concern immediately to a member of staff, report the URL of the site to technical staff/services.**
 - ♦ All users will be informed that the use of our systems can be monitored, and that monitoring will be in line with data protection, human rights, and privacy legislation.
 - ♦ Filtering breaches or concerns identified through our monitoring approaches will be recorded and reported to the DSL who will respond as appropriate.
 - ♦ Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police.
 - ♦ When implementing appropriate filtering and monitoring, Bridge Training Ltd will ensure that "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.
 - ♦ Bridge Training Ltd acknowledges that whilst filtering and monitoring is an important part of Bridge Training Ltd online safety responsibilities, it is only one part of our approach to online safety.
 - ♦ Learners will use appropriate search tools, apps and online resources as identified following an informed risk assessment.
 - ♦ Learner's internet use will be supervised by staff according to their age and ability.
 - ♦ Learners will be directed to use age-appropriate online resources and tools by staff.

6.3 Information Security and Access Management

- Bridge Training Ltd is responsible for ensuring an appropriate level of security protection procedures are in place, in order to safeguard our systems as well as staff and learners. Further information can be found in relevant policies e.g. acceptable use policies and/or online safety policy). These policies address expectations with regards to information security and access to systems e.g. password safety etc.
- Bridge Training Ltd will review the effectiveness of these procedures periodically to keep up with evolving cyber-crime technologies.

6.4 Staff Training

- Bridge Training Ltd will ensure that all staff receive online safety training as part of induction and that ongoing online safety training and update for all staff will be integrated, aligned and considered as part of our overarching safeguarding approach.

6.5 Educating Learners

Policy 4.3 Safeguarding and Child Protection Policy

- Bridge Training Ltd will ensure a comprehensive whole setting curriculum response is in place to enable all learners to learn about and manage online risks effectively as part of providing a broad and balanced curriculum.

DSLs and SLT may find it helpful to access UK Council for Internet Safety (UKCIS) 'Education for a Connected World Framework' and DfE 'Teaching online safety in school' guidance, along with guidance from South West Grid for Learning (SWGfL).

6.6 Working with Parents/Carers

- Bridge Training Ltd will build a partnership approach to online safety and aim to support parents/carers to become aware and alert of the potential online benefits and risks for children by:
 - ♦ Providing information on the Bridge Training Ltd website and through existing communication channels (such as official social media, letters etc.), offering specific online safety events for parents/carers or highlighting online safety through direct communication.

6.7 Remote Learning - Specific guidance for DSLs and SLT regarding remote learning is available at DfE: Safeguarding and remote education during coronavirus (COVID-19) and The Education People: Remote Learning Guidance for SLT.

- Bridge Training Ltd will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.
- All communication with learners and parents/carers will take place using Bridge Training Ltd provided or approved communication channels; for example, through email accounts and phone numbers and/or agreed systems e.g. Google Classroom
 - ♦ Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our Bridge Training Ltd Behaviour Policy/Code of Conduct and Acceptable Use Policies.
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Acceptable Use Policy (AUP).
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Bridge Training Ltd will continue to be clear who (which teaches/members of staff their child is going to be interacting with online).
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

7. Staff Engagement and Expectations

 - In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates (at the very least annually), to provide them with relevant skills and knowledge to safeguard children effectively. This will be achieved, via email, e-bulletins via staff signing up to the NSPCC CASPAR updates, and via weekly staff meetings.
 - Staff will be encouraged to contribute to and shape Bridge Training Ltd safeguarding arrangements and child protection policies. This is to be achieved via input from knowledgeable and experienced staff, inviting input at staff meetings, via CPOMS audits based on staff reporting and foci.
 - The DSL and SMT will provide an annual report to the proprietor detailing safeguarding training undertaken by all staff and will maintain an up-to-date register of who has been trained.

- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking, use of virtual gaming platforms). Staff will adhere to relevant Bridge Training Ltd policies including Staff Code of Conduct policy, Behaviour policy, Acceptable Use Policies.

7.3 Supervision and Support

- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- Bridge Training Ltd will provide appropriate supervision and support for all members of staff to ensure that:
 - ♦ All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children.
 - ♦ All staff are supported by the DSLs in their safeguarding role.
 - ♦ All members of staff have regular reviews of their own practice to ensure they improve over time.
- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

Policy 4.3 Safeguarding and Child Protection Policy

- If Bridge Training Ltd places a learner with an alternative provision provider, Bridge Training Ltd will continue to be responsible for the safeguarding of that child.
 - ♦ Bridge Training Ltd will undertake appropriate checks to ensure the provider meets the needs of the pupil, including written confirmation that appropriate safeguarding checks have been carried out on individuals working at the establishment.
- Where Bridge Training Ltd organises work experience placements, we will follow the advice and guidance as identified in part Three of KCSIE.

8.2 Allegations/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors.

- Bridge Training Ltd will respond to allegations in line with the **local Gloucestershire allegations arrangements** and [Keeping children safe in education 2023 \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/107121/Keeping-children-safe-in-education-2023.pdf). - Where the proprietor is unsure how to respond, for example if Bridge Training Ltd is unsure if a concern meet the harm 'thresholds', advice will be sought via the Local Authority Designated Officer (LADO) Enquiry Line and/or the GSCP website.

8.2.1 Concerns that meet the 'harm threshold'

- Bridge Training Ltd recognises that it is possible for any member of staff, including volunteers, contractors, agency and third-party staff (including supply teachers) and visitors to behave in a way that indicates a person will pose a risk of harm if they continue to work in their present position, or in any capacity with children in a school or college. This includes when someone has:
 - ♦ behaved in a way that has harmed a child, or may have harmed a child and/or
 - ♦ possibly committed a criminal offence against or related to a child and/or;
 - ♦ behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; and/or
 - ♦ behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- Allegations against staff which meet this threshold will be referred immediately to the proprietor who will contact the **LADO** to agree further action to be taken in respect of the child and staff member. In the event of concerns/allegations of abuse being made against the proprietor, staff are advised that allegations should be reported directly to the LADO.

8.2.2 Concerns that do not meet the 'harm threshold.'

- Bridge Training Ltd may also need to take action in response to 'low-level' concerns about staff, which typically would be behaviours which are inconsistent with our Staff Code of Conduct, including inappropriate conduct outside of work and concerns that do not meet the allegations threshold.

Policy 4.3 Safeguarding and Child Protection Policy

- Where low-level concerns are reported to Bridge Training Ltd, the DSL and/or the MD will share or liaise with the LADO enquiries officer via the [LADO Enquiry Line](#).
- Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern is identified, Bridge Training Ltd will implement appropriate action, for example consulting with LADO, taking advice from our Human Resources company, HR Champions, and following our disciplinary procedures.
- Additional information regarding low-level concerns is contained with our staff behaviour policy/code of conduct – this includes what a low-level concern is and the importance of sharing them.

8.2.3 Safe Culture

- As part of our approach to safeguarding, Bridge Training Ltd has created and embedded a culture of openness, trust and transparency in which our values and expected behaviour as set out in our staff behaviour policy/code of conduct are constantly lived, monitored, and reinforced by all staff (including supply teachers, volunteers and contractors) and where all concerns are dealt with promptly and appropriately.
- All staff and volunteers should feel able to raise any concerns about poor or unsafe practice and potential failures in the Bridge Training Ltd safeguarding regime. The leadership team at Bridge Training Ltd will take all concerns or allegations received seriously.
- All members of staff are made aware of the Bridge Training Ltd Whistleblowing procedure.

It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.

- Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- Bridge Training Ltd has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left. The DBS will consider whether to bar the person.
 - ♦ If these circumstances arise in relation to a member of staff at Bridge Training Ltd, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the [LADO](#) and/or the MD.

9. Opportunities to teach safeguarding.

- Bridge Training Ltd will ensure that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum. This will include covering relevant issues through PSHE and Sex and Relationships Education (SRE).
- We recognise that Bridge Training Ltd plays an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour, what is 'safe', to recognise when they and others close to them are not safe, and how to seek advice and support when they are concerned. Our curriculum provides opportunities for increasing self-awareness, self-esteem, social

Policy 4.3 Safeguarding and Child Protection Policy

and emotional understanding, assertiveness and decision making so that learners have a range of age-appropriate contacts and strategies to ensure their own protection and that of others.

- Bridge Training Ltd recognise that a one size fits all approach may not be appropriate for all children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children might be needed.
- Bridge Training Ltd systems support children to talk to a range of staff. Children will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

10. Physical Safety

10.1 Use of 'reasonable force'

- There may be circumstances when it is appropriate for staff to use reasonable force in order to safeguard children from harm.

10.2 The Use of Premises by Other Organisations

- Where services or activities are provided separately by another body using Bridge Training Ltd facilities/premises, the proprietor will seek written assurance that the organisation concerned has appropriate policies and procedures in place regarding safeguarding children and child protection, and that relevant safeguarding checks have been made in respect of staff and volunteers. If this assurance is not achieved, an application to use premises will be refused.

10.3 Site Security

- All members of staff have a responsibility for maintaining awareness of the security of buildings and grounds and for reporting concerns that may come to light.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into Bridge Training Ltd as outlined within national guidance. Visitors will be expected to sign in and out via the office visitors log and to display a visitor's badge whilst on site.
- Staff and visitors will be expected to adhere to any safety arrangements implemented (i.e., those related to any Covid-19 restrictions).
- Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.
- Bridge Training Ltd will not accept the behaviour of any individual (parent or other) that threatens the security of Bridge Training Ltd or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to either or both Bridge Training Ltd sites.

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women, and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The

Policy 4.3 Safeguarding and Child Protection Policy

activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate

- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance

- Distrust of familiar adults e.g. anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

- Injuries need to be accounted for. Inadequate, inconsistent, or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
